NEW MEXICO BULLETIN NO. 460-7-1

SUBJECT: WINDOWS PESTICIDE SCREENING TOOL (WIN-PST)

TO: All Employees

Purpose. To distribute revised Water Quality Technical Note 9 and provide update on Windows Pesticide Screening Tool.

Expiration Date. September 30, 2007

Electronically with this bulletin, you are being sent Water Quality Technical Note 9, Windows Pesticide Screening Tool, revised to provide guidance for using the latest WIN-PST version (WIN-PST 3). This replaces the previous version of Water Quality Technical Note 9. A corresponding job sheet which automatically transfers and fills out the WIN-PST interaction data is also attached. The technical note and the job sheet are also posted on the website.

Information technology staff has already or will be installing the latest version of WIN-PST on field, area and other appropriate workstation. If you need this installed, please contact your IT representative.

Feel free to request further assistance from Linda Scheffe at 761-4448 as you use the revised tool and job sheet.

DENNIS ALEXANDER  
State Conservationist
